PROFILE

Video editor and motion designer who turns briefs and raw footage into clear, well-paced stories for social, advertising and brand channels. I run Oversabi Studio, where I edit promos, short-form ads and explainers and finish them myself: the grade, the captions and the motion graphics. A background in graphic design and brand work keeps typography and brand consistency tight in every format.

SKILLS

- **Editing and story.** Structure, pacing and rhythm for short-form social videos, ads, promos, pieces to camera and explainers.
- **Platform formats.** Vertical 9:16 reels and 16:9 masters, cut and exported for social and YouTube.
- **Captions and typography.** Subtitles, on-screen callouts and animated lower-thirds.
- **Colour.** Correction and grading in DaVinci Resolve, from flat log footage to a finished look.
- **Motion and animation.** Motion graphics, kinetic type, 2D character animation and 3D motion.
- **Design.** Social media graphics, print layout, illustration and UI design.

Tools: DaVinci Resolve (edit, colour, Fairlight) · Blender · Toon Boom Harmony · Rive · Lottie

EXPERIENCE

Founder, Video Editor & Motion Designer – Oversabi Studio (remote)

- Edit promotional films, short-form ads, explainers and social content, from the brief through to final export.
- Handle the grade, captions and motion graphics in-house, so each project is delivered finished.
- Design the supporting brand assets: social media graphics, print pieces and UI screens.
- Clients include Jennifer Barbosa, Cyberspace and International Friends Alliance.

SELECTED VIDEO WORK

- **The Webcam Workshop** (CompanyFlix). Two-minute promo: host to camera, intercut with audience B-roll and picture-in-picture inserts.
- **Scholarstika**. 35-second YouTube promo for a school management platform, with an animated lower-third for each feature.
- **From Sofa to Payout** (LuxBet). 30-second, five-scene 2D animated explainer that follows one customer journey.
- **UGC-style ads: FlowTask, Ember & Bite, Glow Routine**. Eight-second presenter-led ads with hooks, on-screen captions and product cutaways.
- **Rain to Gold**. Colour-grading piece that takes a flat log street scene to a warm golden-hour look in a single shot.
- **Depth**. 3D motion piece presenting web and mobile screens, closing on kinetic type.
- **Endless Revisions** (Oversabi Studio). Animated social promo about bringing structure to the creative process.
- **Craving Something Special?** Vertical 9:16 food reel with captioned beats, cut for social.
- **Product films: Marble & Serum, Slow Burn**. Short product spots for skincare and home fragrance.

All of the above can be watched at oversabi-studio.vercel.app.

SELECTED DESIGN WORK

- **Social media design** for NDI and Niger Delta Innovate: an infographic slide and a new-month post.
- **Print:** cover and layout for *Vibe It Up!* magazine, Issue 64 (Wellness Practitioners Alliance).
- **UI design:** six screens for an online learning platform, including the course catalogue, lesson view and account settings.

EDUCATION

B.Tech, Computer Science – Federal University of Technology, Akure, Nigeria (2024)
